Profile

Social, curious, and passionate about problem-solving. I have a strong foundation in software development from my university studies and am inspired by learning new tools to become a better problem solver. I look forward to working in an innovative and dynamic environment where I can continue to grow.

WORK EXPERIENCE

AFRY | Hybrid

Backend Developer | 2023 - Present

- Developed and maintained backend systems using C# for Scania's Manufacturing Execution System (MES).
- Enhanced technical skills in SQL, C#, and Azure DevOps.
- Improved collaboration skills, working within and across large teams at Scania.
- Regularly communicated with customers and users to gather requirements and feedback.

Consulting Work | Remote

Solution Developer | 2023 - 2024

- Collaborated with a poker player to develop a mobile-friendly web version of a desktop application.
- Utilized React for frontend development and FastAPI (Python) for the backend.
- Managed frontend development with assistance from a junior developer, enhancing my mentoring skills.
- Project duration: Approximately 120 hours.
- Project Link: <https://invescotrainer.ngrok.io/>

Consulting Work | Remote

Developer | 2021 - 2022

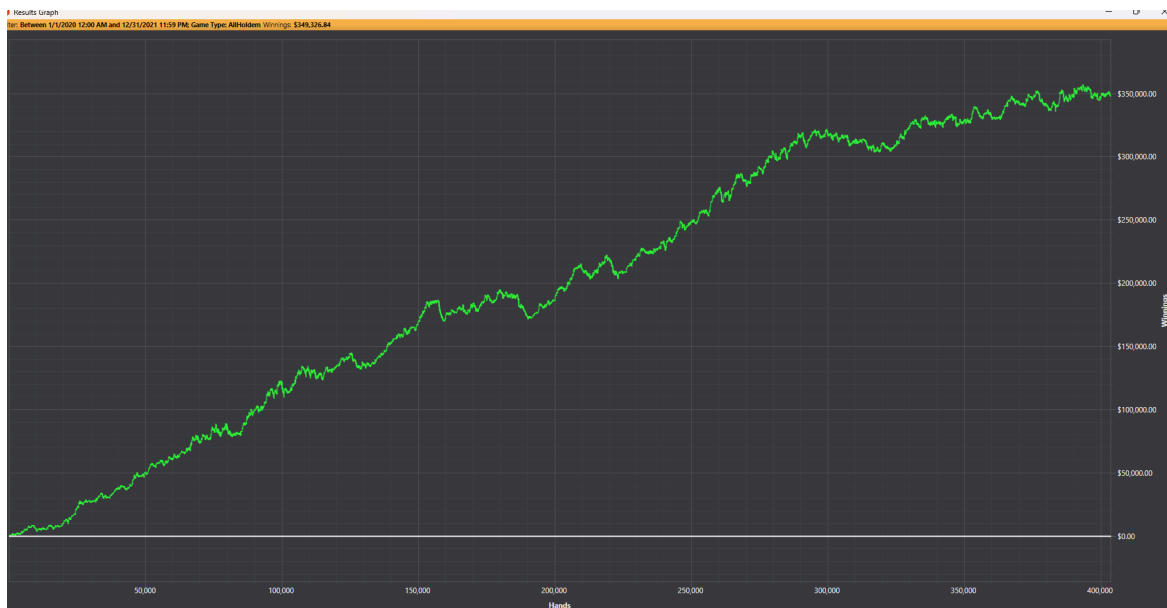

- Independently developed poker analytical tools for a high-stakes poker player and his students. - Implemented a license key system, designed GUI using QT6 (C++), and processed large datasets with Pandas. - Completed projects ranging from 20 to 200 hours, with the largest being a poker training tool. - Worked closely with clients to tailor solutions to their needs.
- Project Details ([LINK](#))

Professional Poker Player | Remote

Part-Time to Full-Time Player | 2014 - 2022

- Developed strong logical thinking and independent problem-solving skills.
- Networked with winning players, learning and applying new strategies.
- Demonstrated high levels of discipline and focus in a competitive environment.
- Effectively managed the emotional and psychological challenges of natural game variance (swings), maintaining focus and consistency under pressure.

Poker results from Svenska Spel 2020-2021

(Cumulative winnings of 350,000 SEK (~\$32,000 USD) over 400,000 hands (1323 hours), with an average hourly rate of 265 SEK/hour (~\$24 USD/hour) during 2020–2021 the years in which I dedicated the most effort)
